Malick Manso

Digital & IT Project Manager

Sint-Truiden, Belgium | +32 456 92 13 65 | malickmanso@gmail.com
malickmanso.com | linkedin.com/in/malickmanso

PROFILE

Digital and IT project manager who takes web and mobile products from business case to launch, keeping business stakeholders, IT and external vendors aligned. Delivered inside a regulated bank (Moza Banco), for Naspers-owned OLX across two markets, and for clients including Vodafone, Pernod Ricard and Massmart/Walmart. Owns scope, budget and reporting to executive sponsors, under Waterfall or Agile.

KEY SKILLS

Delivery: full project lifecycle, scope and schedule control, budgets and business cases, risk registers, stakeholder and vendor management, multi-country rollouts

Methods and tools: Waterfall, Agile/Scrum, ITIL 4, Jira, Trello, Notion, MS Project, Excel (pivot tables, modelling), Google Analytics

Sectors: banking, telecoms, online marketplaces, retail, consumer mobile apps

EXPERIENCE

Operations Employee (transitional role) | Toyota Europe, Diest — Jun 2024 – Present

Founder & Managing Consultant | Crossmedia, digital delivery consultancy — Aug 2014 – Present

- Delivers digital projects for clients in Europe and Africa: up to six concurrent projects in seven countries as the single point of contact between client, technical teams and vendors.
- 10xMeglio, Italian national election (2018): ran the digital campaign end to end, 25 days from brief to election, with 202 Strategies (Washington DC) and teams in Lisbon and Rome. ~$300K Facebook spend, 22.1M unique reach, 5.8M video views.
- Vodafone Uganda / Afrimax (2017): digital strategy for the SME product line across Uganda, Ghana, Zambia and Cameroon. Audited 618,440 Google Analytics sessions across 10 markets; delivered segmentation, channel plan and KPI framework.
- Builders Warehouse Mozambique, Massmart/Walmart (2017–2018): multi-channel store launch across six channels and five media partners, budgeted in MZN and ZAR, with Walmart third-party anti-corruption compliance.
- Dagon Media (2017): built cross-market campaign reporting (pivot-table KPI source, report template, naming convention). On Jameson Zambia, re-planned the Q4 digital programme for the client when the agency's scope changed.
- Mulala (2016–2017): sole product owner of a consumer social app built with an external studio. Android shipped 2016, iOS submitted 2017; reached the Play Store Top Trending chart in October 2016, rated 4.9.

Team Leader, Meta AR/VR Hardware Support | Teleperformance, Lisbon — Nov 2021 – Apr 2023

- Led 15–20 agents on SLA-controlled technical support for Meta Quest hardware; owned KPI performance, quality and coaching. Promoted from specialist to team leader.

Marketing Officer, Product & Customer Intelligence | Moza Banco, Maputo — Oct 2015 – Aug 2016

- PreBank: sole product lead for a board-sponsored mobile banking app (iOS, Android, Windows Phone, web admin) built with an external studio. Demo delivered to the board in under three months for under $50K.
- Designed a credit-card insurance product for a 1,763-account portfolio: coverage, three-tier pricing and benchmarking against two incumbents, ready for regulatory review.
- Ran an operational survey across 30+ branches that traced customer issues to branch service rather than product; led an independent audit of the bank's digital agency.

Product Manager, OLX Angola & Mozambique | OLX / FixeAds (Naspers), Lisbon — 2013 – Jul 2014

- Owned both marketplaces through their rise to leadership, coordinating product, IT, marketing and customer care. FixeAds announced leadership in both markets in August 2013, covered by Lusa and national press.
- Monthly pageviews grew more than 30x in each market between February and October 2013; 30M+ pageviews a year across both.

- Managed a €350K annual media budget across TV and online; co-wrote and produced two TV spots in Angolan, Mozambican and neutral versions.

Team Leader, Direct Marketing | Yourvoice Contact Solutions, Lisbon Jun 2007 – Jul 2010

- Led direct marketing delivery across client accounts; CRM and database management in Siebel.

HANDS-ON BUILDS

- PRINCE2 study platform (prince2.malickmanso.com): 237 questions, timed mock exam and interactive process diagrams, built and hosted solo.
- TaalForge: Dutch and French learning web app (React, TypeScript), installable on iPhone, built with AI tools.
- malickmanso.com: trilingual personal site (EN, NL, FR) on GitHub Pages with custom DNS and analytics.
